- In this sequence, the pitcher threw six pitches to the first batter, six pitches to the second batter and one pitch to the third batter and ended the inning on the 13th pitch. In the next inning, the pitcher threw six pitches to the first batter ending that batter on 19 pitches and threw five pitches to the second batter and was then removed from the game.

- For tracking, this pitcher would be charged with 20 pitches (i.e., the number of pitches prior to the last batter PLUS ONE) despite having thrown 24 total pitches, and would be available to pitch tomorrow.
